## PAVING

For paths, patios and hard landscaping, natural Welsh slate is an inspired choice. Available in a range of sizes and colours Welsh Slate paving provides extreme durability and slip resistance in addition to its unique aesthetic qualities.

# DECORATIVE AGGREGATES

Decorative aggregate has become an increasingly popular environmentally friendly and highly attractive material in both large and small scale landscaping applications. Available in Plum, Blue and Grey colours and two sizes; 20mm & 40mm. Decorative aggregate is sustainable with a long life span and is resistant to severe weather conditions.

# WALLING

## **RUSTIC WALLING**

Quarried from a naturally exposed face, rustic walling gives a striking and rugged natural appearance, adding power to traditional and innovative designs alike.

## **PILLARED WALLING**

Providing a ribbed finish and more contemporary appeal, pillared walling is the traditional material which ensures elegance in urban or rural locations.

# FEATURE STONES, ROCKERY STONES & WATER FEATURES

Monoliths, rockery and feature stones and a little imagination can introduce drama and individuality into your garden and landscaping designs.

## COPINGS

Made to each client's individual specification, copings are available in a variety of colours and finishes providing the ultimate finish details for our rustic and pillared walling
